

1. INTRODUCTION

Plaintiffs brought this class action lawsuit by the filing of a complaint on June 6, 2002, in the Superior Court of Fulton County, seeking declaratory and prospective injunctive relief against Defendants based upon alleged violations of constitutional and statutory rights arising out of the operation of foster care systems in Fulton and DeKalb counties. Plaintiffs alleged both federal and state law claims. All Defendants joined in removing the case to this Court, invoking the Court's federal question jurisdiction and denying that their operation of the Fulton and DeKalb County foster care systems violated any constitutional or statutory guidelines.

In order to resolve all issues pending between these parties without the expense, risks, delays and uncertainties of a trial and any appeals that might follow such a trial, Plaintiffs and State Defendants agree to the terms of this Consent Decree as stated below. By entering into this Consent Decree, State Defendants do not admit to the truth or validity of any claim made against them by Plaintiffs. State Defendants also do not speak for the Georgia General Assembly, which has the power under Georgia law to determine the appropriations for the State's programs for child welfare. However, State Defendants acting under their existing authority agree that it will be a condition of their conduct of the child welfare program covered by this Consent Decree to comply with the Consent Decree. If Plaintiffs seek a judicial remedy for State Defendants' noncompliance in accordance with Section 17 of this Consent Decree, and at any stage of subsequent enforcement proceedings State Defendants assert insufficient funds as a legal excuse, Plaintiffs may move to rescind their consent to the Consent Decree. State Defendants submit to the enforcement of this Consent Decree to the full extent permitted by law.

All parties acknowledge that the Court has jurisdiction over this case and authority to enter this Consent Decree and to enforce its terms. The Court shall retain jurisdiction of this matter to enforce this Decree in accordance with its terms.

3. PRINCIPLES

The parties to this Consent Decree agree that the following are desired principles that serve as the goals of Georgia’s child welfare system and are not separately

enforceable standards or provisions under which State Defendants' conduct under the terms of this Consent Decree shall be measured.

1. Georgia's child welfare system must actively promote and support the opportunity for children to grow up within a safe, nurturing family, either their biological family or, if that is not possible, within an adoptive family.
2. When children are in foster care, all non-destructive family ties should be maintained and nurtured. If appropriate, children should be placed with relatives who are able to provide a safe, nurturing home for them. Reasonable efforts should be made to place siblings together, and relationships with relatives and siblings should be facilitated and maintained by the child welfare agency, if it is in the child's best interest to do so.
3. Foster care should be as temporary an arrangement as possible, with its goal being to provide a permanent home for the child as quickly as possible. In making the determination about what plans and services will best meet this goal, the child's interest must be paramount.
4. The state has primary responsibility for the care and protection of children who enter the foster care system. Insofar as it relies on private contractors to assist in meeting this responsibility, it should only do so according to standards set by and rigorously monitored by the state.
5. All children in need of child welfare services should receive full and equal access to the best available services, regardless of race, religion, ethnicity, or disabilities.
6. Children in foster care placement should be in the least restrictive, most family-like setting possible, and the state should make reasonable efforts to avoid the use of non-family settings for children, particularly young children
7. Children in foster care placement should have stable placement that meet their needs and the services necessary to address both the trauma of foster care placement and the problems surrounding their removal from their family. Children in foster care placement should have placements that meet their needs and the services necessary to promote the stability of their placements.
8. The Department of Human Resources, acting through its Commissioner, has the authority and responsibility to deliver foster care services by the means it deems appropriate consistent with the requirements of law.

4. PLANNING

A. For children entering placement after the entry of the Consent Decree

1. Within 24 hours after a child's 72-hour hearing, DFCS will make a referral to a Comprehensive Child and Family Assessment ("CCFA") provider to initiate an assessment for the child.

Efforts to ensure the attendance of participants shall be documented in the child's case file.
 - b. Participants at the Family Team Meeting will identify:
 - i. The needs of the children and parents.
 - ii. Goals for meeting those needs.

 - vi. The frequency with which visiting will take place between the child and the child's parents and significant family members.
- d. If DFCS is unable to secure the parents' attendance at a meeting after the child is placed, the meeting shall nevertheless be held with the other participants, and DFCS shall make reasonable efforts to notify and review with the parents the goals outline at the meeting, as soon thereafter as possible.
- e. The outcomes of the Family Team Meeting will be reported to the Multidisciplinary Team ("MDT") for use at its meeting.

- B. For children who have reached their sixth month in care after the entry of the Consent Decree, and for the remaining period of time while in DFCS custody
1. Plaintiffs and State Defendants intend that within six months of the child’s placement in foster care, and every six months thereafter, the child’s case plan shall be reviewed by the Judicial Citizen Review Panel (JCRP) and/or the Juvenile Court, as long as the child remains in the custody of Fulton or DeKalb DFCS.
 2. Plaintiffs and State Defendants desire that the persons who participate at each JCRP or Juvenile Court review shall include the parents, the child, pre-adoptive parents or relatives providing care for the child, foster parents/placement providers, the DFCS case manager, other DFCS representatives, the CCFA providers, medical and mental health professional, representatives from Public Health and the child’s school,

The parties further desire that a JCRP or Juvenile Court review shall not be cancelled solely because of the absence of any participant as long as the required determinations can be made with the participants who are in attendance.

3. Plaintiffs and State Defendants intend, at each six month case plan review, the JCRP and/or the Juvenile Court shall evaluate the following:
 - a. The necessity and appropriateness of the child's placement;
 - b. Whether reasonable efforts have been made to obtain permanency for the child;
 - c. The degree of compliance with the specific goals and action steps set out in the case plan;
 - d. Whether any progress has been made in improving the conditions that caused the child's removal from the home; and
 - e. Whether changes need to be made to the case plan, including a change in the permanency goal and the projected date when permanency for the child is likely to be achieved, or changes or the addition of any services needed by the child.
4. Plaintiffs and State Defendants intend that, if the JCRP conducts the case plan review, the panel will submit a report to the Juvenile Court, which shall include the panel's findings and recommendations, as well as the findings and recommendations of Fulton or DeKalb DFCS, along with Fulton or DeKalb DFCS' proposed revised plan for reunification or other permanency plan.
5. If the Juvenile Court conducts a review of the case plan, Fulton or DeKalb DFCS shall submit its recommendations to the court regarding a proposed revised plan for reunification or other permanency plan.
6. Following a JCRP or a Juvenile Court review, the Juvenile Court may adopt a revised case plan, taking into consideration recommendations made by Fulton or DeKalb DFCS, the JCRP, and/or the parents and enter a supplemental order in accordance with Chapter 11 of Title 15 of the Official Code of Georgia Annotated.
7. DFCS shall identify and ensure the provision of necessary services to achieve the determinations made following the actions of the Juvenile Court.

8. If deemed necessary by the case manager or case supervisor, additional meetings involving family members and professionals to discuss the implementation of the case plan may be conducted at any time.

10. If the Juvenile Court does not convene a 12-month JCRP or Juvenile Court permanency review within 45 days from the date that is 12 months after the last permanency review, DHR/DFCS shall cause to be filed with the Juvenile Court a request for an immediate JCRP or Juvenile Court 12-month permanency review.

C. For children who reach their thirteenth month in care after the entry of the Consent Decree and for the remaining period in time while in DFCS custody

1. By the end of the 13th month after a child has been in placement, Fulton and DeKalb DFCS will forward a Permanency Report to the State Social Services Director. Prior to the forwarding of the Permanency Report, another Family Team Meeting will be convened in accordance with Paragraph A.2. of this Planning Section. This Family Team Meeting will consider the issues listed in Paragraph A.3.a. of this Section. The results of such Team Meeting shall be forwarded to the Social Services Director with the Permanency Report. The Permanency Report will include a profile description of the child, the case plan, a list of impediments for achieving permanency, the CCFA, and a list of steps to be taken by the county to achieve permanency. The State Social Services Director or his designee shall review the Permanency Report within five business days of its receipt, and shall either concur with the report or refer the case for a county/state staffing.
2. A county/state staffing shall be held no later than ten days after the State Social Services Director's decision.
3. Barring exigent circumstances, the county/state staffing shall include the Fulton or DeKalb County case manager and supervisor, regional adoption coordinator, regional field specialist, county program administrator, and State Social Services Director or his designee. A county/state staffing shall not be cancelled solely because of the absence of any participants as long as the required determinations can be made with the participants who are in attendance.
4. The county/state staffing shall establish a plan to move the child toward permanency, and the State Social Services Director shall monitor the plan.

DHR/DFCS shall identify and ensure the provision of necessary services to achieve the determinations made following the county/state staffing.

5. Additional meetings shall be held at any time when deemed necessary by the State Social Services Director or by the County case manager and supervisor, and may include those participants from the initial county/state staffing, provided that a least on additional county/state staffing meeting shall be conducted by the end of the 25th month after a child remains in placement. DHR/DFCS shall identify and ensure the provision of necessary services to achieve the determinations made following any subsequent county/state staffing.
6. If the Juvenile Court orders aftercare supervision, the child's case manager shall make monthly visits with the child following discharge from foster care for the period of time specified by the Juvenile Court. DFCS will determine whether additional services are necessary to ensure the continued success of the discharge.

D. For children who have already reached their 13th month in care at the time of the entry of the Consent Decree

Within 120 days from the entry of the Consent Decree, Fulton and DeKalb DFCS will submit a Permanency Report for all children who have reached their 13th month in care at the time of the entry of the Consent Decree to the State Social Services Director for a permanency review as provided in Paragraphs 1-4 of Section C, above.

E. For all children for who adoption has been identified as the goal

1. DHR shall determine whether the foster parent(s) are appropriate potential adoptive parents and if so, determine whether they are interested in adoption, and shall make known to the foster parents the availability of adoption assistance. Foster children who meet the eligibility criteria for the program, and are special needs children, as defined in 42 U.S.C. § 673 and DFCS policy, shall be eligible to receive and adoption assistance subsidy. If the child is eligible, DHR/DFCS will determine the child's adoption assistance subsidy based on the needs of the child. Under no circumstance shall the subsidy amount exceed the family foster care maintenance payment that the child would be eligible to receive at the time of the adoptive placement. The amount and term of the adoption assistance subsidy shall be determined prior to the signing of adoptive placement agreement.
2. For children for whom the foster parent(s) are either inappropriate or uninterested in becoming adoptive parents, and for whom adoptive parents are not otherwise available, DFCS shall undertake child-specific adoption

recruitment. DFCS will not use as a documented compelling reason for not filing a petition for termination of parental rights the fact there is an absence of an adoptive resource for the child.

3. Where appropriate, DFCS shall make available post-adoption services to support and stabilize adoptions for a period of a least 18 months following adoption finalization.

F. For children who reach their 18th month in care after the entry of the Consent Decree, and those who have already been in care for 18 months or more upon the entry of the Consent Decree, and for the remaining period in time while they are in DFCS custody

1. DHR/DFCS will establish a Specialized Case Manager position to focus on and to remove barriers to permanence for children in DFCS custody for 18 months or longer. The maximum caseload for any person serving in the Specialized Case Manager position will be 12.
2. Within 60 days of the entry of this Consent Decree, all children who have already reached their 18th month in care upon the date of this Consent Decree shall be assigned a Specialized Case Manager as described in this Section F. Beginning 60 days after the entry of this Consent Decree and continuing thereafter, all children that reach their 18th month in care shall be assigned a Specialized Case Manager as described in this Section F. The Specialized Case Manager, once assigned to a child, shall be the sole responsible DFCS case manager for the child. To the extent possible, the child's DFCS assignment to a particular Specialized Case Manager, once made, shall continue for the remaining period of time while the child is in DFCS custody.
3. The Specialized Case Manager provided for in this paragraph shall do the following as appropriate for the children in this Section F:
 - a. Convene meetings, access funding, and make independent decisions in order:
 - i. To determine the continuing appropriateness and effectiveness of the child's permanency goal and to seek court approved change of the goal if appropriate;
 - ii. To determine the continuing appropriateness and effectiveness of the services being provided to the child; whether new or different services are necessary for the child; and if so, by whom and when they will be provided;

- b. Partner with the county Independent Living Coordinator to determine whether adequate independent living services and plans are being provided for all children age 14 and older;
- c. Evaluate the continuing appropriateness and effectiveness of services to biological parents and relatives, and determine whether new or different services are necessary to assist the biological parents and relatives in achieving the child's permanency goal;
- d. Consult with public and private professionals and take all steps necessary to ensure the provision of services leading to the child achieving permanency;
- e. No sooner than 30 days prior to discharge, regardless of the discharge destination, convene a special discharge planning that shall be held to ensure that appropriate services and plans are in place to ensure a successful discharge.

5. PLACEMENT

A. Identification of Needs and Placement Options

- 1. DFCS agrees to obtain, by means of a Request for Proposal, a qualified external expert to conduct a needs assessment if Fulton County and DeKalb County. The needs assessment shall be based on the standards for the placement of children identified in Section 5.C. below, as applied to factual data about individual children's needs obtained in Comprehensive Child and Family Assessment and case plans pursuant to Section 4 of this Consent Decree, and as applied to other factual data relevant to determining the needs of children in the Plaintiff class. The needs assessment shall identify what new and/or different placements and related services, if any are needed to provide substantial for the care of the Plaintiff Class.
- 2. Counsel for Plaintiffs and DFCS will jointly review the responses to the Request for Proposal, which all be drafted to accomplish the purposes of this section of the Consent Decree, and shall jointly agree to the expert. The expert shall be selected within 90 days from the entry of this Consent Decree, and shall be selected in accordance with the procurement laws of the State of Georgia.
- 3. The needs assessment shall be completed no later than 120 days after the expert has been retained.

4. DFCS shall provide all the placements and related services identified in the needs assessment, except that the expert will recommend the priority for implementing the findings of the needs assessment, based on the severity of the needs of the children whose needs are currently unmet or inadequately met. DFCS will phase in the implementation of the findings of the needs assessment, with the findings substantially implemented no later than 12 months after the completion of the needs assessment.

B. Reimbursement Rate for Placements

1. Basic foster care maintenance payments:
 - a. With regard to the provision of basic foster family services, including kinship care (limited to kin who are approved foster parents), effective July 1, 2005, DHR/DFCS shall set and pay the following basic foster care maintenance payment: for each child ages 0-6, \$13.78; for each child ages 7-12, \$15.50; and for each child age 13 and older, \$17.75. DHR/DFCS shall ensure that this rate is paid to all foster parents providing basic foster family services, regardless of whether they are directly supervised by DFCS or directly supervised by private providers. These rates shall be uniform.
 - b. The Commissioner shall propose a periodic increase in the basic foster care maintenance payments referenced in subparagraph a., above, effective in succeeding fiscal years, based upon discussions with affected foster parent groups and consideration of whether an increase in any amount for any group is needed to adequately compensate for basic foster care for the relevant age groups. Class counsel shall be notified of the amount of any such increase in the basic foster care maintenance payments within 30 days of the effective date of such change in payment.
 - c. Beginning July 1, 2007, and continuing until the termination of this Consent Decree as provided in Section 19, if Class Counsel forms a good faith opinion that the amounts paid by DHR for basic foster care maintenance payments are insufficient to adequately compensate for foster family care, then Class Counsel may seek judicial remedies under the provisions set forth in Section 17 of this Consent Decree, and shall have the burden to show that the payment structure set by the Commissioner fails to adequately compensate for a particular age group or groups.
2. Within 60 days after the parties sign the Consent Decree, DHR/DFCS shall establish a Reimbursement Rate Task Force. The Reimbursement Rate Task Force shall accept and shall not revise the base-level rate for the

provision of family foster care services (including kinship care) as defined in subsection 1 above. The Reimbursement Rate Task Force shall create a rate structure based on measurable outcomes for all children in foster care (excluding basic, non-therapeutic foster family care) based on the reasonable cost for achieving these outcomes. The Reimbursement Rate Task Force shall examine the Level of Care system and made recommendations for either revising or replacing it, and shall also consider the results of various pilot programs being carried out across the state. The rate structure established by the Reimbursement Rate Task Force must comply with Title IV-E and Medicaid funding guidelines so that DHR/DFCS can draw down such funds.

3. The rate structure established by the Reimbursement Rate Task Force shall serve as the basis for performance-based contracting, and shall be phased in beginning 90 days after the Reimbursement Rate Task Force issues its findings, provided that the rate fixed by the Commissioner must be fully implemented in the contracting cycle beginning July 1, 2007.
4. Beginning in the July 1, 2006, contracting cycle and continuing thereafter, DHR/DFCS shall ensure that all approved foster parents (regardless of whether they are supervised directly by DFCS or by private providers) receive the same reimbursement rate for a given level of services.
5. If DHR/DFCS directly supervises any approved foster home that provide therapeutic services or operates any specialized group facilities, those approved foster parents or group facilities shall be paid at the same rate for the same level of services.
6. The Reimbursement Rate Task Force shall be composed of the following members: James L. Kunz, Howard A. Peters III, and Becky Butler. The Task Force may meet when necessary in order to accomplish its duties, and shall work to finalize its recommendations in the most efficient and economical manner possible. The Reimbursement Rate Task Force shall have access to data, documents and information needed, and shall otherwise have the support needed to carry out its duties. DHR shall reimburse the members of the Task Force for approved expenses and fees incurred in performing its duties, in accordance with state regulations.
7. The Task Force shall make every effort to present its findings no later than 120 days after the entry of the Consent Decree, unless the Task Force requests and the parties consent to an extension for the presentation of findings. The Task Force shall include recommendations on the priority for implementing its findings.

C. Ensuring that the placement process secures the most appropriate placement for all children

1. Children for whom placement has determined to be necessary shall receive an assessment of their placement needs by a qualified professional no later than 30 business days after the child enters placement. The assessment shall include the initial physical health, dental health, and mental health screenings referred to in Section 6, Paragraph A. of this Consent Decree and all other required elements
2. As soon as the placement assessment is completed, the child's current placement shall be reevaluated to ensure that it meets the child's needs and if not a new placement shall be obtained as quickly as practicable.
3. DHR shall ensure that each county has a placement process in place, including placement specialists with knowledge of both the resources available to enable the child to remain at home safely to avoid the need for placement if possible and of the placement resources, including the specific placement (foster home or group setting) available in a contract agency and its suitability for the particular child needing placement to reasonably ensure that each child receives the most appropriate placement for his/her individual needs.
4. Children shall be placed according to the following standards:
 - a. Children shall be placed in accordance with their individual needs, as determined by the needs assessment in paragraph C.1 of this section, take into account the child's needs to be placed as close to home and community as possible, the need to place siblings together the DHR/DFCS preference for placement with relative resources, and the need to place children in the least restrictive, most home-like setting.
 - b. Children shall be placed within their own county or within 50 miles of the home from which they were removed. This provision shall not apply if (i) the child's needs are so exceptional that they cannot be met by a family or facility within their own county or within 50 miles of the home from which they were removed, (ii) the child is placed through the ICPC consistent with its terms, (iii) the child is appropriately placed with relatives, or (v) the child is in an adoptive placement.
 - c. No child shall be placed in an emergency or temporary facility or any other foster home or group facility beds used on a temporary basis, for more than 30 days. Children shall not be placed in more than one emergency or temporary facility within one episode of foster care. No child shall spend more than 23 hours in a county DFCS office, of any facility providing intake functions, including

but not limited to the current Children's Center in DeKalb County and the Fulton Family Resource Center in Fulton County.

- d. Siblings who enter placement at or near the same time shall be placed together, unless doing so is harmful to one or more of the siblings, one of the siblings has such exceptional needs that can only be met in a specialized program or facility, or the size of the sibling group makes such placement impractical notwithstanding diligent efforts to place the group together. If a sibling group is separated at the initial placement, the case manager shall make immediate efforts to locate or recruit a family in whose home the siblings can be reunited.
- e. No child shall be placed in a foster home if that placement will result in more than three (3) foster children in that foster home, or a total of six (6) children in the home, including the foster family biological and/or adopted children, without the written approval of the Social Services Director based on a reasonable determination that the home is appropriate for and can meet the needs of the additional number of children. No placement will result in more than 3 children under the age of 3 residing in a foster home. The only exception to these limits shall be circumstances in which the placement of a sibling group in a foster home with no other children in the home would exceed one of more of these limits.
- f. Group Care Restrictions

The capacity of a group care setting shall include all beds on the entire grounds of the setting and includes the total number of beds in the multiple cottages.

- i. No child under six years of age shall be placed in a group care setting without the express written approval of the Social Services Director based upon his or her certification that the individual child has exceptional needs which cannot be met in any foster home placement or other facility. The certification shall describe the services which are available in the group care setting to address the child's exceptional needs. No child under six years of age who shall be certified for a group care setting under the terms in this subparagraph shall be placed in any group care setting which has a total capacity in excess of 12 children. This paragraph shall not apply to a child who is under six years of age and who is also the son or daughter of another child placed in a group care setting either prior to or after the entry of this Consent Decree. This paragraph shall not

apply to a child who is under six years of age who is also the sibling of another child who has been placed in a group care setting prior to the entry of this Consent Decree, except that any such sibling under the age of six shall be moved to a foster home placement within 12 months of the entry of this Consent Decree unless doing so would not be in the best interest of the children in question.

- ii. No child between the ages of six and 12 years of age shall be placed in a group care setting without the express written approval of the Social Services Director based upon his or her certification and specific findings that the individual child has needs which can be met in the particular group care setting and that the particular group setting is the least restrictive placement that can meet such needs. - A. The Court shall appoint James T. Dimas and Sarah Morrison as the Court's independent Accountability Agents. In the event that either Mr. Dimas or Ms. Morrison is unable to fulfill his or her duties under this agreement, the parties will select a replacement with the advice and consent of the remaining Accountability Agent. The parties agree that data support will be provided to the Accountability Agents by Chapin Hall Center for Children at the University of Chicago and Georgia State University. The Accountability Agents shall conduct the factual investigation and verification of data and state documentation necessary to compile and to issue public reports on State Defendant's performance relative to the terms of the Consent Decree directly to the Court and to the parties. These reports shall be issued for each six month reporting period, commencing approximately 90 days after the close of the first reporting period.
- B. DHR, through its employees or agents, will collect data with regard to each element of performance under this Consent Decree, and make it available on a timely basis to the Accountability Agents. DHR shall cooperate with the Accountability Agents in providing access to personnel, documents and other information necessary to perform their duties, as determined by the Accountability Agents, including without limitation interviews with agency staff, contract agency personnel, and interviews with DHR clients. The Accountability Agents shall conduct case record and other reviews as they deem necessary, including recommending or requiring DFCS to conduct regular case reviews according to a systematic process.
- C. DHR shall provide the Accountability Agents and/or the organizations through which they are employed with the necessary resources to perform their duties, including payment of their approved fees and expenses in accordance with state regulations. The Accountability Agents will prepare an initial budget proposal to the parties and the Court within 30 days of the signing of the consent decree. This budget will be updated and revised annually on or about the anniversary date of entry of the consent decree.
- D. All actions required for Plaintiff class members shall be documented within the individual case file of each member of the class on a timely and accurate basis. DFCS shall ensure that all required information concerning all foster parents, whether supervised by DFCS or by private providers, is timely and accurately entered into a foster parent file for each foster parent. DFCS shall ensure that a copy of all required information concerning contract agency providers is timely and accurately entered into a file for each contract agency provider and housed centrally at DFCS.

17. ENFORCEMENT

- A. Except for the Principles set forth in Section 3 (“the Principles”), all provisions of this Consent Decree are separately and independently enforceable.
- B. All provisions of this Consent Decree shall apply to all class members, regardless of whether they are in custody under the direct supervision of DFCS or of a contract provider.
- C. If Class Counsel notify State Defendants that, to the best of Class Counsel’s knowledge, information, and belief (formed after an inquiry reasonable under the circumstances), State Defendants are in violation of this Consent Decree, Plaintiffs may give notice to State Defendants in writing, and if so shall state with specificity the alleged noncompliance.
- D. Except when Class Counsel allege, in conformity with subsection E below, the existence of imminent danger of substantial harm to class members, the provisions of this paragraph shall apply.
 - 1. When notice of an alleged violation is given pursuant to subsection C, above, State Defendants shall respond to Class Counsel in writing within 25 days by asserting that Class Counsel has alleged only a violation of the Principles, by denying that any substantial noncompliance has occurred, or by accepting (without necessarily admitting) the allegation of noncompliance and proposing steps that State Defendants shall take, and by when, to cure the alleged noncompliance.
 - 2. State Defendants (a) fail to respond within 25 days; (b) assert that Class Counsel has alleged only a violation of the Principles; or (c) deny that any substantial noncompliance has occurred, Class Counsel may thereafter seek an appropriate judicial remedy.
 - 3. State Defendants timely respond by accepting noncompliance and proposing curative action by a specified deadline, Class Counsel may accept State Defendants’ proposal or may offer a counterproposal for a different curative action or deadline and negotiate over the appropriate action and deadline, but in no event shall Class Counsel seek an appropriate judicial remedy for the accepted noncompliance until at least 45 days after State Defendants have responded under subsection D.1 above and until both sides have conferred in good faith to resolve any differences. The parties may, by mutual agreement, extend the time period specified in this subsection.
 - 4. If no agreement on the issue of appropriate curative action or deadline is reached within the timeframe set in subsection D.3 above, Class Counsel may seek an appropriate judicial remedy.

5. If the parties reach agreement on a plan and timetable for curative action, but State Defendants thereafter fail to implement the curative action with the time specified in the agreement, Class Counsel may seek an appropriate judicial remedy upon ten (10) days written notice to State Defendants.
 6. If the parties reach agreement on a plan of curative action and State Defendants implement the plan, but the plan fails to correct substantially the alleged violation within the time specified in the agreement, Class Counsel may seek an appropriate judicial remedy upon ten (10) days written notice to State Defendants, unless State Defendants issue a written revised proposal for curative action accepting that the violation alleged in Class Counsel's initial noncompliance notice is continuing and specifying: (i) why, in their view, the initial plan of curative action failed to produce compliance by the deadline; and (ii) a revised proposal for curative action specifying a deadline for compliance.
 7. If State Defendants issue a timely revised proposal for curative action and deadline in conformance with subsection D.6 above, the parties shall engage in good faith negotiations to attempt to reach agreement on a revised plan for curative action and deadline. If the parties fail to reach agreement on a revised plan within 25 days of State Defendants issuance of a revised proposal may seek an appropriate judicial remedy.
 8. If the parties reach agreement on a revised plan for curative action but that revised plan fails to correct substantially the noncompliance within the time specified in the agreement, Class Counsel may seek an appropriate judicial remedy within ten (10) days written notice to State Defendants; provided, however, that the parties may, at their option, continue to attempt to reach agreement on further curative action, further extension of the compliance deadline specified in the Consent Decree, or modification of the Consent Decree.
- E. The provisions of this paragraph shall apply when Class Counsel allege the existence of imminent danger of substantial harm to class member.
1. If Class Counsel acting in conformity with subsection C above notify State Defendants that, to the best of Class Counsel's knowledge, information, and belief (formed after an inquiry reasonable under the circumstances), a violation of this Consent Decree has caused or threatens to cause an imminent danger of substantial harm to class members, Class Counsel may give emergency notice of their allegations to State Defendants by electronic mail or facsimile transmission, and if so, shall state with specificity the alleged violation and the alleged imminent danger of substantial harm.

2. Within four business hours of the receipt by the State Defendants of Class Counsel's emergency notice, State Defendants shall respond with their position by electronic mail or facsimile transmission.
 3. If State Defendants fail to respond within 4 business hours, or if State Defendants respond by denying the danger is imminent, the threatened harm is substantial, or there is substantial noncompliance with the Consent Decree, Class Counsel may thereafter seek an appropriate judicial remedy.
 4. If State Defendants timely respond to an emergency notice with a proposal for specific investigative or curative steps, the parties shall immediately thereupon engage in good faith efforts to reach agreement on appropriate investigative or curative action, including a time period for implementation,
 5. If the parties are unable after conferring in good faith to agree on appropriate investigative and curative action and a timetable for implementation, Class Counsel may seek an appropriate judicial remedy.
- F. Class Counsel and their clients shall not issue a noncompliance notice or seek a judicial remedy for the first six months after entry of this Consent Decree except with respect to an alleged case of imminent danger of substantial harm to class members, as described in subsection E above. Nothing in this Consent Decree shall authorize or enable the Class or its Counsel to initiate discovery without order of the Court following the filing of a motion by Class Counsel as authorized by the Federal Rules of Civil Procedure and the local rules of the Court.

18. QUALITY ASSURANCE

DFCS shall maintain an appropriate quality assurance system that will meet the requirements of federal law, and will monitor, through case reviews, Fulton and DeKalb County DFCS' compliance with DFCS policy and the terms of this Consent Decree.

19. DURATION OF DECREE

- A. With respect to the State Defendants, this Consent Decree shall remain in effect until (1) State Defendants are in substantial compliance with the final measures on all Outcome Measures in Section 15 of this Consent Decree simultaneously for three consecutive reporting periods; and (2) a motion to terminate jurisdiction over this Consent Decree is approved by the Court. Plaintiffs shall not contest a timely and appropriate motion to terminate unless: (i) Plaintiffs dispute State Defendants' assertion that they have achieved and sustained substantial compliance on all Outcome Measures for the requisite time period; (ii) an

unresolved motion relating to non-compliance with any other provision of this Consent Decree pursuant to Section 17 remains pending; or (iii) any Court Order or Stipulation providing a remedy for a prior allegation of such non-compliance with any other provision of this Decree is in effect or has been complied with at the time of the motion to terminate.

- B. The parties intend and agree that this Consent Decree shall remain in effect and shall be enforceable by a court of competent jurisdiction for the entire duration of this Consent Decree as provided in Section 19.A. above. The parties intend and agree that State Defendants may only request termination of jurisdiction under the terms of Section 19.A.(1) above.
- C. The parties acknowledge that this Consent Decree is a final resolution of all claims of any type on behalf of Plaintiff class members, whether known or unknown, that have been brought or could have been brought by or on behalf of the Plaintiffs against the State Defendants up through the date on which the Consent Decree is entered. This paragraph explicitly does not bar claims on behalf of any children in Fulton or DeKalb counties concerning any programs or services for children prior to a child's placement into State custody, including, but not limited to, any diversion, differential response, or other programs of services providing an alternative to the investigation and/or substantiation of a report of abuse or neglect and/or the removal of a child from their home and placement into State custody, and any programs or services for investigations of reported abuse or neglect for children not in State custody.
- D. In the interest of permitting the parties to focus upon and achieve the objectives of this Consent Decree, Plaintiffs agree that they shall not commence any new action for systemic declaratory, injunctive or other form of equitable relief based on facts, events, actions or omissions by the State Defendants that relate in any way to any claim that was raised or could have been raised in the present case and that occur after the entry of this Consent Decree and prior to the entry of a termination order pursuant to this Section. This paragraph explicitly does not bar claims on behalf of any children in Fulton and DeKalb counties concerning any programs or services for children prior to a child's placement into State custody, including, but not limited to, any diversion, differential response, or other programs or services providing an alternative to the investigation and/or substantiation of a report of abuse or neglect and/or the removal of a child from their home and placement into State custody, and any programs or services for investigations of reported abuse or neglect for children not in State custody.
- E. This paragraph shall not prevent an action, at any time, by an individual plaintiff for damages or equitable relief tailored solely to the specific circumstances of that individual plaintiff. Further, nothing in this paragraph shall prevent Plaintiffs in any action for systemic declaratory, injunctive or other form of equitable relief brought after the entry of a termination order pursuant to this Section and based

on claims arising after the entry of such order, from offering into evidence facts arising prior to such order.
